

## Science - Electricity

To observe and explain the effects of differing volts in a circuit.

To use recognised symbols when representing a simple circuit in a diagram and draw them accurately.

To associate the brightness of a lamp or the volume of a buzzer with the number and voltage of cells used in the circuit.

To compare and give reasons for variations in how components function, including the brightness of bulbs, the loudness of buzzers and the on/off position of switches

To plan different types of scientific enquiries to answer questions, including recognising and controlling variables where necessary

To record my data and report findings.

## Maths

### Consolidation

This half-term, we will revisit previous methods and units taught in order to consolidate and extend learning and understanding. This will aid with our catch-up curriculum for missed learning during lockdown and aid with academic transition for High School. These units include:

- Long multiplication/division
- Addition/subtraction
- Fractions, decimals and percentages
- Geometry
- Measuring and converting units
- Algebra
- Shape, space & measuring angles

## English

To study the book 'Can you see me?' by Libby Scott and complete activities based around narrative, descriptive and persuasive writing. Writing for different purposes such as:

Newspaper articles

Letters

Instructional texts

Persuasive writing

Descriptive texts

Narrative

Recounts

Drama activities

### Grammar & Punctuation

Revisit different word classes and consider their functions in sentences.

Identify sentences with different forms and learn to use them in writing,

Use different kinds of clause in writing and combine words, phrases and clauses using a variety of conjunctions.

Experiment with word classes, clauses and conjunctions to improve sentence writing.

# Trade and Economics

## Topic - Geography

### Trade & Economics

To explain why countries need to import goods;

• describe the climate and landscape of El

Salvador;

• list some issues facing people living in El

Salvador;

• explain the meaning of fair trade;

• describe the fair trade process for some products;

• describe an example of a global supply chain;

• list some of the positive and negative effects of multinational companies on local trade;

• identify similarities and differences between

trading today and different periods in history.

### Preparing to say Goodbye

As this is the final half-term for year 6 at Ringway, we have lots of lovely activities and events planned that we will be preparing for. These include:

Summer Trip

Prom

Leavers Assembly

### Spanish

Language Angels

Me and the World

### P.E.

Problem Solving Skills - Sports Day

LASP - Outdoor adventurous activities

### R.E - PSHE

#### R.E - Islam

Beliefs and Moral Values

Does belief in Akhirah (life after death) help Muslims lead good lives?

#### PSHE - Changing Me

Being aware of self-image and body image.

Importance of positive self-esteem.

Relationships.

Looking after yourself physically.

The Year Ahead

### Music

To learn songs and readings in preparation for the leavers assembly.

### Home and School

Paper homework will be given out every Monday to be returned to school the following Monday. Times Table Rockstars and Spelling Shed will also be updated weekly if anyone wishes to do additional Maths and English practice at home in preparation for weekly tests. Pupils will also be given a Reading Challenge booklet every half-term to be completed at home with more information included in the booklet itself.
