

Science - Electricity

To observe and explain the effects of differing volts in a circuit.
To use recognised symbols when representing a simple circuit in a diagram and draw them accurately.
To associate the brightness of a lamp or the volume of a buzzer with the number and voltage of cells used in the circuit.
To compare and give reasons for variations in how components function, including the brightness of bulbs, the loudness of buzzers and the on/off position of switches
To plan different types of scientific enquiries to answer questions, including recognising and controlling variables where necessary
To record my data and report findings.

Maths

Consolidation

This half-term, we will revisit previous methods and units taught in order to consolidate and extend learning and understanding. This will aid with our academic transition for High School. These units include:

- Long multiplication/division
- Addition/subtraction
- Fractions, decimals and percentages
- Geometry
- Measuring and converting units
- Algebra
- Shape, space & measuring angles

We will also be developing our reasoning and problem solving skills.

English

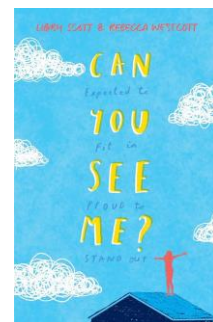

To study the book 'Can you see me?' by Libby Scott and complete activities based around narrative, descriptive and persuasive writing. Writing for different purposes such as:

Newspaper articles, Letters, Instructional texts, Persuasive writing, Descriptive texts, Narrative, Recounts and Drama activities.

Grammar & Punctuation

Revisit different word classes and consider their functions in sentences. Identify sentences with different forms and learn to use them in writing, Use different kinds of clause in writing and combine words, phrases and clauses using a variety of conjunctions. Experiment with word classes, clauses and conjunctions to improve sentence writing.

Trade and Economics

Topic - Geography

Trade & Economics

To explain why countries need to import goods;

- describe the climate and landscape of El Salvador;
- list some issues facing people living in El Salvador;
- explain the meaning of fair trade;
- describe the fair trade process for some products;
- describe an example of a global supply chain;
- list some of the positive and negative effects of multinational companies on local trade;
- identify similarities and differences between trading today and different periods in history.

Preparing to say Goodbye

As this is the final half-term for year 6 at Ringway, we have lots of lovely activities and events planned that we will be preparing for. These include:
Residential to London
Prom
Leavers Assembly

Computing/DT

Exploring the 'Digital world'

- TinkerCAD
- Microbits

P.E.

Problem Solving Skills – Sports Day
LASP – Outdoor adventurous activities

Music

To learn songs and readings in preparation for the leavers assembly.

R.E – PSHE

R.E – How does faith help people when life gets hard?

Describe ways in which religions guide people in how to respond to good and hard times in life. Identify beliefs about life after death in religions comparing and explaining similarities and differences.

PSHE – Changing Me

Being aware of self-image and body image – puberty.
Importance of positive self-esteem.
Relationships.
Birth
Looking after yourself physically.
The Year Ahead

Art & Design

Van Gogh – Still life perspective sketching and painting.

Spanish

The Vikings
Revision of key vocabulary

Home and School

- Homework will be given out every Monday to be handed in the following Monday.
- Times tables and spellings will also be set online each Monday for the weekly test. These will be on the Spelling Shed and Times Table Rockstar online platforms.
